

Job opportunity

Regulatory Affairs Manager

Job description

We offer a job as a **Regulatory Affairs Manager**, in which you will:

- benefit from both your accuracy as well as your scientific background
- work in an international environment of medicinal products
- ensure timely preparation, submission and follow-up of applications to competent authorities
- be responsible for decentralized and mutual recognition procedures
- maintain and update product information and labeling
- compile regulatory dossiers in eCTD
- stay updated on relevant EU/local regulations and guidelines
- inform relevant stakeholders on regulatory information to ensure compliance with regulatory demands
- work both individually and in a team
- communicate with international subsidiaries

Profile

You have:

- an MSc/PhD in Life Sciences or equivalent
- affinity, and preferably experience, with regulatory procedures and processes
- experience with databases, spreadsheets and IT systems
- ability to communicate well verbally and in writing
- good organizational and planning skills
- attention to detail
- a flexible work approach which enables you to handle deadlines and high workload

Offer

Zwiers Regulatory Consultancy offers a fulltime job, but is willing to discuss a part time contract
Salary will depend on education, knowledge and experience
